Did you know? The Wellness Center has an emergency Narcan mailbox on the Library side of the building, that is always fully stocked and accessible 24/7!

Anyone can stop by The Wellness Center at any time or call us and ask to be trained to administer Narcan. We also provide harm reducing testing strips for Fentanyl and Xylazine!

The Wellness Center is also a partner with NY Matters which connects people in need to MOUD services. Stop in for more information!
